CHUGACH INFORMATION TECHNOLOGY, INC. APPRAISED AT CMMI MATURITY LEVEL 3

(Anchorage, AK) – Chugach Information Technology, Inc. (CITI) today announced that its Technical Services and PMO Operations has been appraised at Level 3 of Carnegie Mellon University's CMMI Institute's Capability Maturity Model Integration (CMMI)®. The appraisal was performed by Software Quality Center LLC and is required to receive many Department of Defense and U.S. Government contracts, especially in software development. CITI is now one of the many fortunate companies currently appraised at this level.

CMMI® is a capability improvement approach that provides organizations with the essential elements of effective processes that ultimately improve their performance.

CITI is a wholly owned subsidiary of Chugach Government Solutions, LLC (Chugach) and is a leader in providing wide-ranging technical services/IT, and cyber security. The capabilities of CITI include extensive experience in the areas of customer support, application development, network implementation, and systems support. CITI is also experienced in video teleconference and meeting support, communication support, asset management, and information assurance.

"Our CMMI adoption has established CITI as a leading IT and Cyber provider with proven project predictability and consistency," said Douglas Taylor, CITI president. "Now more than ever, we're able to use our processes to deliver superior services and innovative cost savings for our current and future customers."

The CMMI® Institute is dedicated to elevating organization performance through best-in-class solutions to real-world challenges. The institute is the home of the Capability Maturity Model
